SUMMARY

Full-Stack Engineer and AI-integrated developer with 7+ years delivering scalable web applications, cloud infrastructure, and revenue-driving digital experiences. Specialized in MERN/Next.js, AWS, Cloudflare DNS, CI/CD automation, and AI-augmented development using ChatGPT, Claude Code/Cowork, Cursor, and Replit consistently translating technology investments into measurable business outcomes.

EXPERIENCE

AREA15 | Las Vegas / Remote — **Senior Engineer**   Feb 2023 – Present

- **Architected AWS (EC2, S3, Route 53) + Netlify/Cloudflare DNS infrastructure** — maintaining 99.9% uptime across 6+ production entertainment & e-commerce sites
- **Drove 15% ticket sales increase** by designing & deploying Android Stripe ticketing kiosks serving 8,500+ customers/day
- Integrated **AI tools (ChatGPT, Claude Code/Cowork, Cursor, Replit)** into development workflows, cutting feature delivery time by ~35% and powering interactive AI-driven experiences
- Built CI/CD pipelines (GitHub Actions) enabling zero-downtime releases; unified **Stripe, Square, HubSpot & Strapi** APIs across MERN/Next.js apps
- Engineered custom WordPress plugins (PHP/React) cutting page load times 30%; launched multi-location **Square** food ordering kiosk on Android/React

Strategy9 | Remote — **Software Developer**   Aug 2021 – Oct 2024

- **Cut valet management time 40%** by building an SMS-based real-time queue platform with C#/ASP.NET Core & advanced queue management
- Orchestrated **800,000+ monthly marketing emails** with 99%+ compliance, ensuring brand consistency across 12+ casino clients
- Boosted customer engagement **25%** via contests, coupons & promotions engine delivered over SMS & email campaigns
- Developed sportspool data apps, **tripling user data capture** and enabling targeted, data-driven marketing strategies

J Taylor Education | Remote — **Lead Software Developer**   Jun 2019 – Oct 2024

- **Spearheaded AWS cloud infrastructure (EC2, S3, CloudFront)** — 99.9% uptime for virtual education platform serving 2M+ students
- **25% faster page loads & 40% improved scalability** through MERN stack refactor and performance optimization
- Grew organic traffic **300%+** via free Chrome extension now at 50,000+ active downloads; built PHP/WordPress e-learning solutions serving 45 states and 9 countries

EDUCATION

Amazon Web Services | Associate AWS Certified Developer   2024
City University of Seattle | BS Computer Science | Seattle, WA   2021
City University of Seattle | BS Business Administration | Seattle, WA   2017

SKILLS & STRENGTHS

Full-Stack Development: MERN, React/Next.js, Python, C#, PHP, ASP.NET, SQL, HTML/CSS, JavaScript, WordPress

Cloud & DevOps: AWS (EC2, S3, Lambda, Route 53, CloudFront), Netlify, Cloudflare DNS, CI/CD (GitHub Actions), DevOps Architecture

AI & Productivity Tools: ChatGPT, Claude Code/Cowork, Cursor, Replit — AI-assisted development, prompt engineering

APIs & Integrations: Stripe, Square, HubSpot, Strapi, Twilio/SMS, SendGrid, REST & GraphQL

Hosting & Infrastructure: WP Engine, Siteground, Pantheon, AWS Amplify, Nginx, SSL/TLS, DNS management
